

2024 Brownbag Lunch Series

FOLDS will gather for a series of three hybrid brownbag lunch sessions in 2024. Together with experts from around the country, we'll dig into a new topic during each of these meetings. We also plan to continue our tradition of receiving updates from state agency leaders, and sharing findings from the latest longitudinal research out of Massachusetts. For those joining in person, bring your own lunch and we'll provide coffee and dessert.
